Springfield 2051 is a community building process that will result in a new roadmap for Springfield and Clark County. The 15-month project is being spearheaded by a coalition of citizens and supported by the state and local government, philanthropic entities, business community and nonprofit organizations. Springfield 2051 is guided by the expert team of Future iQ and is rooted in their people-focused, data-driven, future-oriented methodology.

You are invited to participate in the Springfield 2051 Think-Tank. The Think-Tank is one of the foundational steps in the process. Held over two sessions, Think-Tank participants will explore emerging macro trends, identify key drivers shaping the future of the city, and craft a series of plausible future scenarios.
